Major Strides for Patient Care

Saban Community Clinic (SCC) is thrilled to announce that we have achieved Patient Centered Medical Home (PCMH) Level 3 recognition, the highest level, at all three sites!

What is PCMH?
The Patient Centered Medical Home is a model of care that puts patients at the forefront of care. PCMHs build better relationships between people and their clinical care teams. Research shows that they improve quality, the patient experience and staff satisfaction, while reducing health care costs. (http://www.ncqa.org)

What does this mean for the Clinic?
The PCMH model streamlines the internal process of medical care so SCC patients have a more fluid experience. SCC staff redesigned clinical workflows and found new ways to improve productivity, increase patient access, reduce patient wait times, and optimize use of technology.

Addressing the Homeless Crisis in Los Angeles

With Los Angeles County’s homeless population soaring 23% in the last year to a staggering 58,000 total individuals (Los Angeles Homeless Services Authority), the Clinic’s role in helping the homeless is more important than ever. Clinic staff members are dedicated to playing a vital role in the long term solution to the homeless epidemic.

Across our three sites, comprehensive services are available to all those who walk through our doors. Free daily showers operate at two of our sites, hosting more than 7,000 showers a year. Clients who use the showers are also provided access to clean clothes and basic hygiene kits. Our experienced case management staff build long lasting relationships with this vulnerable population and navigates them to medical, dental, and behavioral health services within the Clinic. Case Managers provide referrals to external resources, including food, transportation, and housing. In 2016 our team worked with more than 4,000 homeless individuals, providing life-changing impact.

“There are no other showers in this area. I don’t have a car. It’s my only resource.”

- Alberto Corona
Clinic patient and shower user

A PATIENT FOR 40 YEARS
Jerry Craig’s Story

In 1977, Jerry moved to Los Angeles to pursue a career in entertainment. Jerry first learned about the then LA Free Clinic from a flyer at Los Angeles Community College where he was taking classes. Being new to LA and without insurance, he decided to check it out. Forty years later, he considers the Clinic his “home away from home” and feels tremendous gratitude for the Clinic: “It has been here for me for decades, even when my own union couldn’t take care of me.”

Jerry recalls his first visit and how impressed he was with the quality care he received from the friendly staff: “Doctoring is about compassion, taking the time, listening. That’s what they do at the Clinic. I feel safe here.” He has been amazed with how the Clinic has grown from a mostly volunteer operation to a robust health center.

Today, Jerry continues to act and is a caretaker for his 92 year old friend, Warren. Thanks to the Clinic’s enrollment team, he has a comprehensive insurance plan through the ACA.

A BRIGHTER HOLIDAY FOR OUR PATIENTS

28th Annual Patient Holiday Party
Tuesday, December 12th, 2017 • First Presbyterian Church of Hollywood

More than 500 patients will receive clothing, blankets, toiletries, books, toys and a hot lunch. We need your help!

Ways to Get Involved

GIVE: You can make a monetary donation or purchase the following items directly through our Amazon wish list. More details and the link to our Amazon wish list can be found here: www.sabancommunityclinic.org/patientholidayparty

Youth and Adults
- Body Wash/Soap
- Deodorant
- Shampoo and Conditioner
- Socks and Underwear
- Blankets
- Books and Toys

Baby Items
- Diapers and Wipes
- Baby Shampoo and Wash
- Blankets
- Bottles
- Clothes
- Books and Toys

VOLUNTEER: On the day of the event, volunteers are needed to help with set up, distribute items to patients, and serve lunch.

For more information or to volunteer, contact Audrey Rufe at arufe@sabancommunityclinic.org or 323-330-1653.

Celebrating Our 50th Anniversary

Far Out Health Fair Engages Community

In celebration of National Health Center Week, the Clinic held a Summer of Love Your Health Fair on August 19th at our Wallis Annenberg Children and Family Health Center. Over 400 patients and community members enjoyed the 1960’s theme, free health screenings, food, games, crafts, and music. The event was produced in partnership with LA Supervisor Sheila Kuehl.

- 190 health screenings were administered
- 27 new patient appointments were made
- 6 new attendees enrolled in coverage

A Small Event for Enormous Gratitude

On April 27th, more than 100 longtime supporters, community partners, volunteers, and local politicians filled the Penthouse at the London Hotel in West Hollywood to kick off the Clinic’s landmark 50th anniversary. The event provided an opportunity for the Clinic to acknowledge the countless contributions by such a passionate group and celebrate all we have achieved together to care for our community.

CEO Julie Hudman with Clinic Board Members Joanne Dietch and Cam Montgomery, Jr.

Councilmember Paul Koretz presented a Commendation. Friends Board President Richard Weitz, Clinic Board President Bob Broder, and Friends Board Secretary Ellen Hoberman.

Peace and Love at the Clinic

Staff decorated the Clinic with groovy décor and dressed up in psychedelic garb to infuse the “Summer of Love” spirit in the Clinic. Both patients and staff enjoyed reminiscing about the Clinic’s early days when staff members were all volunteers and patients were young hippies who flocked to Hollywood.

Current staff members channeling the fashion of staff in the 1960s.

FUN FACT!

A common patient intake question when the Clinic first opened: “What's your astrological sign?”
Saban Community Clinic was founded in 1967 as the LA Free Clinic, occupying a small storefront on Fairfax Ave. In 1975, the Clinic moved to its new permanent home on Beverly Blvd. In 1987, the Beverly Clinic began to rebuild the structure into the three-story facility we know today. It was an historic event officiated by Senator Ted Kennedy.

Today the Beverly Health Center has seen hundreds of thousands of patients walk through its doors and needs a full renovation. With the demand for services growing, the renovation will increase clinical space, productivity, and efficiency to meet the needs of our community.

We are scheduled to break ground in early 2018 and look forward to sharing our progress with you!

THE RENOVATION WILL ALSO INCLUDE:
- Pediatric Clinic
- A demonstration kitchen with an onsite nutritionist to provide healthy cooking classes
- A suite for homeless patients including an exam room, an additional shower, and an onsite case worker
- Pharmacy
- Additional dental services for children and adults
**In Memoriam**

**John Van de Kamp**
In 1977 the Clinic hosted its first Annual Dinner Roast, known today as our Annual Dinner Gala, and honored then LA County District Attorney John Van de Kamp. John served as the Attorney General of California for nearly a decade and devoted his life to helping the underserved in our community. John passed away on March 14, 2017. He was 81 years old.

**Brad Grey**
Legendary Hollywood executive, producer and Clinic supporter Brad Grey passed away on May 14, 2017. Brad co-founded the Brillstein-Grey Entertainment agency with longtime Clinic supporter and 1987 Dinner Gala honoree, Bernie Brillstein. In 2005 Brad became the chairman and CEO of Paramount Pictures, a position he held for more than a decade. In 2006 the Clinic had the privilege of honoring Brad at our 40th Anniversary Dinner Gala. With Brad’s steadfast dedication and support, the event was a huge success raising more than $2 million for the Clinic’s vital services.

**Jerry Perenchio**
The Saban Community Clinic family mourns the passing of businessman and philanthropist Jerry Perenchio, who passed on May 24, 2017 at the age of 86. A generous supporter of the Clinic for nearly 30 years, Mr. Perenchio made a lasting impact on the lives of many individuals in our community.

**Michael Ogiens**
Saban Community Clinic lost our dear friend, Michael Ogiens, who passed away on May 25, 2017. A dedicated volunteer, donor, and member of the Friends of the Saban Community Clinic Board for more than two decades, Michael committed countless hours to support the work of the Clinic. Michael first became involved with the Clinic in 1985 when we roasted Budd Grant, then President of CBS. He shared in our belief that healthcare is a right, not a privilege.
