

A powerful commitment to a different kind of care

In 2022, Saban Community Clinic launched a new mission, vision, and values to better reflect our long-standing commitment to delivering patient-centered, quality care. Quality for us is more than a phrase — it's a promise to the patients we care for, a commitment to our colleagues and partners, and fundamental to our belief that the well-being of our community depends on the health of the people who live in it.

By making access to care easy, personally connecting to patients, creating welcoming spaces, and becoming a medical home, we provided outstanding care to even more patients who needed it in 2022.

22,815
patients served

Our mission

To provide outstanding, compassionate care to anyone who needs it.

Our vision

To achieve health equity and transform lives in Los Angeles.

Our values

RESPECT

We treat our patients and each other with honesty, empathy, and respect.

INCLUSIVENESS

We elevate and embed diverse ideas, perspectives, and experiences in our organization.

EXCELLENCE

We pursue the highest standards of quality in patient care and organizational excellence.

ADAPTABILITY

We embrace change and reinvention to continuously innovate and advance our mission.

LEADERSHIP

We invite new ideas, encourage staff initiative in our organization and community, and champion public health causes.

Making access easy

Challenging work schedules, childcare needs, and other barriers can make visiting a clinic complicated. To help, we have:

- Added four new specialty services; pulmonology, rheumatology, endocrinology and nephrology.
- Expanded clinic hours and appointment availability.
- Broadened telehealth services.
- Covered transportation costs.

Launched in June 2022, our mobile clinic expanded our community partnerships from four transitional housing sites to fourteen.

“There are a lot of barriers for our patients. Being able to bring the clinic to them helps us serve so many more people. Showing up in a beautiful mobile clinic that’s made just for them, asking ‘What can I do to help you today?’ makes a huge difference.”

Samantha Kumpf
Physician Assistant

Personally connecting with every patient

Empathizing and taking the time to get to know patients enables our success. Our goal is for every patient to feel known and heard.

31%
of our patients are uninsured

8,860
patients newly enrolled into a health plan

Creating welcoming, supportive spaces

We are focused on promoting calm and inclusive environments for staff and patients by providing:

- Tablets to support translation and clear communication.
- Digital touchscreen boards with 3d diagrams to assist visually when explaining treatment options.
- Restful lunch and break facilities so our staff can recharge.

The average number of times a patient sees us each year

Becoming a medical home

We believe preventive care isn’t a luxury. We show patients that you don’t have to be wealthy to be healthy. Our family health model provides deep, well-rounded support.

9,686
cancer screenings

10,551
